

HENDRICK'S ORBIUM

Scotland

soft

floral botanicals

**an interesting variation of the classic Gin
Hendrick's**

quinine, wormwood and blue lotus flowers in addition
to the botanicals of the classic Hendrick's

*The idea stems from the desire to create an innovative
distillate with a more delicate, soft and refined taste,
which differs from the rest of the range*

We serve it with: Fever-Tree Premium Indian (GB)

Fresh cucumber, black and pink peppercorns
