

## *JINZU GIN*

Scotland

dry

Japanese botanicals

***"The British class meets the sensory notes of the East"***

juniper, yuzu (fruit of the genus "citrus"), cherry blossoms and sake (the typical Japanese "rice wine")

*"The classic taste of gin combined with Japanese botanicals will transport you to distant lands with their warm and enveloping tones"*

We serve it with: 1724 tonic water (Chile)

Cherries in alcohol, lemon zest

**€ 10,00**
