

ELEPHANT

Germany

soft

botanicals of South Africa

"The production of an artisanal gin for the protection of African elephants"

Botanicals of South Africa: bucco, baobab, lion's tail, devil's claw, African wormwood; but also German apples, juniper berries from Tuscany, Hungary and Macedonia, Chinese ginger, Austrian mountain pine and Mexican allspice.

"SOFT, BODY, COMPLEX AND SCENTED, EMBODIES THE EXOTIC AND ADVENTUROUS CHARM OF AFRICAN EXPEDITIONS AND SUPPORTS THE SAFEGUARD OF AFRICAN ELEPHANTS"

We serve it with: 1724 tonic water (Chile)

juniper berries and apple.
